Copy of Office Note No B4 37/56-57 dated 9th May, 1956

Sub Purchase of a tractor and two Trailors with a garbage unit each and a water tank and pump

It is proposed to purchase one Tractor and two Trailers with a tank fitted with closed garbage bodies so that the trailers can be left at advantages places where garbage can be loaded and the tractor can come whenever required and pull it away Besides, the trailers can automatically be tipped at the compost yard and easily emptied

The Health Officer has stated that two trailers have been recommended with a view to meet the heavy clearing of garbage particularly at the Sri Krishnarajendra Market, and that the idea is to stall one trailer with the garbage unit at the collecting spot and the other unit to transport the collected garbage to the dumping ground

Due to failure of pumps, frequent shut-down, etc , adequate ~~qua~~ quantities of water cannot be stored in the High Ground Reservoir and there will not also be enough pressure in the main and consequently drinking water difficulty in Civil Area is found to be most accute and more so in summer months It is therefore decided to supply water through tanks mounted on Trailers Water tank with a capacity of 600 gallons can be fixed on the trailers and can also be conveniently used for the supply of water to the several Welfare Centres, Milk Centres, Markets, etc , where the supply of drinking water is inadequate So it is found necessary to purchase a Tractor with two Trailers and garbage unit and a tank Quotations were called for, Three firms have offered their rates as per comparative statement prepared and submitted by the Corporation Engineer, who also recommends the purchase of these Tractors and Trailers etc , from M/s Webbs Farm Mechanization, at a cost of Rs.23,763/- plus Sales Tax as noted below -

Ferguson Diesel Tractor	One No	Rs. 9,760- 0-0	
Ferguson 3 ton tipping Trailer	Two Nos	7,980- 0-0	(3,990/- each)
Automatic Trailer Hitch	One "	220- 0-0	
Lucas Lighting equipment	One "	228- 0-0	
600 gallons water tank	One "	900- 0-0	
2" x 1½" Centrifugal Pump	One	775- 0-0	
Garbage Units	Two Nos	3,900- 0-0	(1,450/- each)
	Total	Rs.23,763- 0-0	

The cost will be met out of the current year's allotment under (1) 8 - Conservancy and Sanitation- Purchase of Lorries (Rs.22,088 + Sales Tax) and C Water Supply - Maintenance (Rs.1.675/- + Sales Tax)

In view of the urgency. One Tractor and a Trailer with water tan has already been purchased to Supply water free of cost to the public in the areas where there is scarcity of water.

This subject is placed before the Standing Committee (Taxation and Finance) and then Corporation as an urgent subject for accepting the quotation of M/s. Webbs Farm Mechanization, for Rs.23.763/- plus Sales Tax etc , for the supply of one Ferguson Diesel Tractor. Two Trailers with Garbage Units, Tanks etc., as detailed in the note.
